**roleplay type of games are known as the best and most realistic games.**
and its still in the top of the gameplay reveiws

GAMEPLAY IS THE KEY

business requirements

video game sales

gameplay

a backstory about a game is make story more intresting and it is liked by the most of the gamers

A GAME MUST CONTAIN A MOTIVE

story
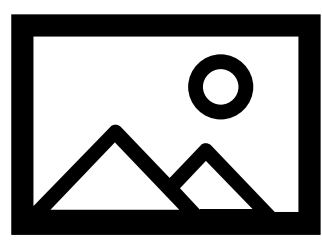

graphics &design

GIVES A HEARTBEAT TO GAME

if you take away the fancy graphics of todays games ,most of the times youre left with a shell of a game that has been done million times
-herman leonard

challenge

"THE ROAD TO SUCCESS COMES TROUGH HARDWORK,DETERMINATION, AND SACRIFICE"

1.choosing the right concepts
2.cost managements
3.take it to the market
4.game maintenance
are the challenges of developing a game sals
